DESCRIZIONE

This wireless and batteryless transmitter push-button head is ideal for situations where quick actions are required for a process or machine to function correctly or where operator movements require maximum ergonomics. It is clearly distinguishable at a distance due to its distinct color. It is impact-resistant, dust-resistant, water-resistant, and vibration-resistant, thanks to its IP30 and IP65 ratings, making it ideal for operation in harsh environments. It is easily combined with the Harmony range of contact blocks to perform a large variety of control functions. The cap is green.
