Telemecanique (Schneider) - CORPO LAMPADA SPIA BIANCA LED 12V

Codice prodotto	SNRZB5AVJ1
Produttore	Telemecanique (Schneider)
Categoria	ILLUMINAZIONE
Codice doganale	1741

DESCRIZIONE

This Harmony XB5, light block with body/fixing collar operates with a universal LED. It has a plastic body and is compatible with Harmony XB5 pilot lights. This light block allows fast and easy replacement and configuration of your signaling units. It is easily installed and replaced on compatible illuminated push-button or selector switch units via clip together assembly and connected with simple screw-clamp connections. It enables visual distinction of signaling units via illumination by universal LED. It protects operators from unexpected contact with live circuits thanks to its IP20 protection index. It is designed to fit with a standard 22mm control and signaling units, ensuring compatibility when installing in pre-existing machinery. Its wide range of operating temperatures from -40°C to 70°C allows versatility in usage of product. Vibration resistant screw clamp connection terminals ensure high vibration resistance making product suitable installation on high impact machine.
